8th=	Lord Williams's School, Thame	1	3	3
10th	Cothill House	1	2.5	2.5
11th	The Cooper School, Bicester	1	2	2

The school competition is based on:

1. Four top scoring players from each school.
  - a. If a player played in both sections, only his/her top score of the two is counted.
  - b. In the case of less than four players from a school, all players count.
2. If there is a tie on points considering the top four players, the next top scoring player is considered until the tie is broken (either because one score was higher or because one school has more players to consider).
3. If there is a tie on this basis, the school entering more players is put higher on the list.
